# FLEXSON DESK STAND FOR SONOS PLAY:5

The Flexson Desk Stand for SONOS PLAY:5 (2nd Generation), allows you to angle the speaker up or down for perfect acoustic alignment, plus optimises performance by minimising vibration. Use the stand on a desk or table to angle sound upwards or can be used to angle sound down from a high shelf.

The Flexson Desk Stand for SONOS PLAY:5 is precision made from aluminium and neatly fitted with non-slip, anti-vibration feet. It comes in a black, anodised finish that suits both black and white SONOS PLAY:5 designs.

- Angles SONOS PLAY:5 (Gen 2) up or down for perfect acoustic alignment
- Optimises speaker performance by minimising vibration
- Aluminium construction with black anodised finish, designed to complement the SONOS PLAY:5
